Dear Supervisors:

**ANNEXATION TO COUNTY LIGHTING MAINTENANCE DISTRICT 1687
AND COUNTY LIGHTING DISTRICT LLA-1, UNINCORPORATED ZONE
AND LEVY OF ASSESSMENTS, VARIOUS PETITIONS
SUPERVISORIAL DISTRICTS 1, 3, 4, AND 5
3 VOTES**

IT IS RECOMMENDED THAT YOUR BOARD:

1. Approve the enclosed Engineer's Reports, either as filed or as modified, regarding annexation of territories to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, and levy of assessments within the annexed territories for street lighting purposes.
2. Adopt the enclosed Resolution of Intention to Annex Territories to County Lighting Maintenance District 1687 and to County Lighting District LLA-1, Unincorporated Zone, and to Order the Levying of Assessments within the Annexed Territories, listed in Appendix A, for Fiscal Year 2003-04.
3. Set a date for a public hearing regarding the proposed annexation and levy of annual assessments within the annexed territories for street lighting purposes, with a base assessment rate of \$5 for a single-family residence for Fiscal Year 2003-04.

4. Instruct the Executive Officer of your Board to cause notice of the public hearing by mail, at least 45 days prior to the date of hearing scheduled for 9:30 a.m. on September 24, 2002. The mailed notice will include assessment ballots.
5. Instruct the Executive Officer of your Board to cause notice of the public hearing to be posted in three conspicuous places within the territories to be annexed and to publish notice of the public hearing once a week for two consecutive weeks in a newspaper of general circulation. Such posting and publication to be completed at least 10 days prior to the date of hearing.

AFTER THE PUBLIC HEARING, IT IS RECOMMENDED THAT YOUR BOARD:

1. If needed, order changes in any of the matters provided in the Engineer's Reports, including changes in the improvements, the proposed diagrams, or the proposed assessments as described in the Engineer's Reports.
2. Order the tabulation of assessment ballots submitted, and not withdrawn, in support of or opposition to the proposed assessment.
3. Determine whether a majority protest against the proposed annexations or assessment exists.
4. If there is no majority protest against the proposed annexations or assessments, adopt the enclosed Resolution Ordering Annexation to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, either as proposed or as modified by your Board, and the enclosed Joint Resolution Approving and Accepting the Exchange of Property Tax Revenues resulting from annexation of territories to County Lighting Maintenance District 1687. The adoption of the Resolution Ordering Annexation will constitute the levying of assessments in Fiscal Year 2003-04.

5. Find that the annexations and assessments are for the purpose of meeting operating expenses, purchasing supplies, equipment or materials, meeting financial reserve needs and requirements, and obtaining funds for capital projects, including the installation, operation, and maintenance of street lights, necessary to maintain service within the area proposed for annexation and is exempt from the California Environmental Quality Act pursuant to Section 21080(b)(8) of the Public Resources Code and Class 1(X)27 of the County's Environmental Document Reporting Procedures and Guidelines.
6. Instruct the Executive Officer of your Board to file a copy of the Resolution Ordering Annexation with the County Assessor.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

This recommended action is for your Board to annex the territories listed in Appendix A into County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, and levy assessments for Fiscal Year 2003-04 so that the necessary assessments can be applied to the benefitted properties for the installation, operation, and maintenance of these street lights.

The Board approved and filed the various Petitions listed in Appendix A, which are requests for the installation of street lights, on new and existing wood poles with overhead wiring. These Petitions favoring the installation of these street lights were signed by property owners representing over 60 percent of the Petition areas. These annexation areas are located in the County of Los Angeles but are not within County Lighting Maintenance District 1687 or County Lighting District LLA-1, Unincorporated Zone.

Implementation of Strategic Plan Goals

This action is consistent with the County Strategic Plan Goal of Fiscal Responsibility as this annexation, levy of assessment, and property tax transfer provides the funding necessary for the operation of new street lighting facilities within these Annexed Territories. It also satisfies the Goal of Service Excellence since street lights provide for the convenience and safety of the motoring public, as well as for the safety and security of people and, to a lesser extent, property, which improves the quality of life in the County.

FISCAL IMPACT/FINANCING

Sufficient funds are included in this Lighting District's budget to pay the annual cost of \$19,500 for the installation, operation, and maintenance of these street lights until assessments can be collected from the property owners within the territories to be annexed. The Southern California Edison Company will install the street lights without an installation charge.

The ad valorem property taxes and assessments collected from the benefitted properties within the territory to be annexed will fund the operation and maintenance of these street lights.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The County Lighting Maintenance Districts, formed pursuant to the Streets and Highways Code, Improvement Act of 1911, permits the County Lighting Maintenance Districts to collect ad valorem property taxes for the purpose of funding the ongoing operation and maintenance of street lighting facilities within the District. The County Lighting District LLA-1, formed pursuant to the Streets and Highways Code, Landscaping and Lighting Act of 1972, permits the County Lighting District LLA-1 to levy an assessment against benefitted property owners for the purpose of providing supplemental funding for the operation and maintenance of street lighting facilities within the District.

With the passage of Proposition 218 (State Constitution, Articles XIIC and XIID) in November 1996, it became necessary to ballot the property owners prior to imposing or increasing a street lighting assessment for the operation and maintenance costs of the street lights. As a result, the legal provisions of the Landscaping and Lighting Act and Proposition 218 now govern the process for establishing street lighting assessments. Therefore, if a majority protest exists under either the provisions of Proposition 218 or the Landscape and Lighting Act, the proposed annexation will be abandoned.

Pursuant to the requirements of Proposition 218, an assessment ballot and public hearing notice will be mailed to property owners within each proposed annexation area no less than 45 days prior to the public hearing scheduled for September 24, 2002.

The assessment ballots, weighted according to the amount of the assessment paid by each property, will be tabulated at the conclusion of the public hearing. Only those ballots that are returned will be counted to establish whether a majority protest exists under the provisions of Proposition 218. The assessment cannot be levied if the weighted majority of ballots submitted are opposed to the assessment, in which case, the assessment shall be abandoned and the annexation and tax transfer proceedings terminated.

Proposition 218 requires that a public hearing be held at a regular Board meeting. The enclosed Resolution of Intention to Annex Territories, and the Resolution Ordering Annexation of Territories and Levying of Assessments, must be adopted to set a date for the public hearing. Your Board may delay your determination regarding the levying of assessments until a later date, continue the public hearing to receive further testimony, or make a determination regarding the assessment at the close of the public hearing.

Section 99.01 of the Revenue and Taxation Code provides that when an area is annexed to a special district for the provision of services that were not previously provided within the territory being annexed, the special district providing the new services is entitled to a share of the growth on the 1 percent ad valorem property tax generated in the area being annexed. That share is to be taken from the other agencies, except exempt entities, which are currently receiving a share of the property taxes in the area. The affected agencies must approve and accept the exchange of property tax revenues by resolution. For those agencies under the Board's jurisdiction, the Board can act on their behalf. For those agencies with their own governing boards who fail to adopt a resolution providing for the exchange of property tax revenues, your Board can approve the exchange of property tax revenue for that agency.

Upon your Board's approval of the Resolution of Intention, Public Works will mail to all nonexempt agencies with their own governing boards the Resolution Approving and Accepting the Exchange of Property Tax Revenues for the agencies' approval. Resolutions approved by these agencies will be presented to your Board after the conclusion of the public hearing for your consideration.

Following the Board's approval of the annexation, levy of assessment, and exchange of property tax revenues, Public Works will file with the State Board of Equalization the statement of boundary changes as required by Section 54900 et seq. of the Government Code. The State Board of Equalization will approve the transfer of property tax revenue beginning in Fiscal Year 2003-04.

The boundaries of the proposed annexations have been reviewed and approved by Public Works and the County Assessor in accordance with the requirements of Section 58850 et seq. of the Government Code. Copies of diagrams showing the boundaries of each proposed subdivision annexation territory are included with the Resolution of Intention to Annex Territories.

Public Works will post notices of the public hearing as provided by Section 5838 of the California Streets and Highways Code. The enclosed Resolutions have been approved as to form by County Counsel.

Not applicable.

CONCLUSION

At such time as these recommendations may be approved, please return one approved copy of this letter and the signed Resolutions to Public Works and three approved copies of the letter and Resolutions to the Auditor-Controller, Tax Section.

DEPARTMENT OF PUBLIC WORKS
ENGINEER'S REPORT
PETITION 108-600**

On December 5, 2000, the Board of Supervisors of the County of Los Angeles adopted a Resolution Initiating Proceedings for annexation of territory to County Lighting District LLA-1, Unincorporated Zone, pursuant to the Landscaping and Lighting Act of 1972 of the Streets and Highways Code of the State of California for the purpose of providing for the cost of installing, operating, and maintaining 15 street lights within the annexed territory. In addition, Public Works was ordered to prepare and file an Engineer's Report in accordance with Section 22565 et seq. of the Streets and Highways Code. This Report was prepared in response to that directive.

With the passage of Proposition 218 (the Right to Vote on Taxes Act) by the California voters in November 1996, the levy of an assessment is now subject to certain provisions under Article XIID of the California Constitution. This Report conforms with the applicable provisions of Proposition 218.

County Lighting Maintenance District 1687 is an established Street Lighting District and was fully funded from ad valorem property taxes prior to the passage of State Constitutional Amendment XIII-A which limited the maximum amount of ad valorem tax on real property. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passage of this amendment are not sufficient to pay the cost of the street lighting in the District. Therefore, County Lighting District LLA-1 was formed under the Landscaping and Lighting Act of 1972 to provide supplemental funding.

The Landscaping and Lighting Act provide for the assessment of street lighting costs against the benefitted properties within the Lighting District in proportion to the benefits received. A method of distributing the street lighting costs on the basis of land use and utilizing land use data compiled by the County Assessor was approved by the Board of Supervisors on May 22, 1979. A report showing the approved method and the assessment units to be assessed on the various types of lots and parcels is on file in the office of the Board of Supervisors and is made a part hereof by reference.

All of the parcels of real property affected are shown in Appendix "A." These parcels are more particularly described in maps prepared in accordance with Section 327 of the Revenue and Taxation Code which are on file in the office of the County Assessor and are made a part hereof by reference and in the attached diagram.

In accordance with Proposition 218 provisions, parcels within a Lighting District that are owned or used by any Governmental agency are now subject to street lighting assessments in Districts where a new assessment is proposed.

The cost of operating and maintaining these lights can be financed by means of a special assessment which can be applied to the benefitted property owners.

We believe that it would be in the public interest to install street lights in the designated area, as requested by the signers of Petition 108-600, and to provide for their operation and maintenance.

PETITION 177-1100**

On April 30, 2002, the Board of Supervisors of the County of Los Angeles adopted a Resolution Initiating Proceedings for annexation of territory to County Lighting District LLA-1, Unincorporated Zone, pursuant to the Landscaping and Lighting Act of 1972 of the Streets and Highways Code of the State of California for the purpose of providing for the cost of installing, operating, and maintaining 11 street lights within the annexed territory. In addition, Public Works was ordered to prepare and file an Engineer's Report in accordance with Section 22565 et seq. of the Streets and Highways Code. This Report was prepared in response to that directive.

With the passage of Proposition 218 (the Right to Vote on Taxes Act) by the California voters in November 1996, the levy of an assessment is now subject to certain provisions under Article XIID of the California Constitution. This Report conforms with the applicable provisions of Proposition 218.

County Lighting Maintenance District 1687 is an established Street Lighting District and was fully funded from ad valorem property taxes prior to the passage of State Constitutional Amendment XIII-A which limited the maximum amount of ad valorem tax on real property. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passage of this amendment are not sufficient to pay the cost of the street lighting in the District. Therefore, County Lighting District LLA-1 was formed under the Landscaping and Lighting Act of 1972 to provide supplemental funding.

The Landscaping and Lighting Act provides for the assessment of street lighting costs against the benefitted properties within the Lighting District in proportion to the benefits received. A method of distributing the street lighting costs on the basis of land use and utilizing land use data compiled by the County Assessor was approved by the Board of Supervisors on May 22, 1979. A report showing the approved method and the assessment units to be assessed on the various types of lots and parcels is on file in the office of the Board of Supervisors and is made a part hereof by reference.

All of the parcels of real property affected are shown in Appendix "A." These parcels are more particularly described in maps prepared in accordance with Section 327 of the Revenue and Taxation Code which are on file in the office of the County Assessor and are made a part hereof by reference and in the attached diagram.

In accordance with Proposition 218 provisions, parcels within a Lighting District that are owned or used by any Governmental agency are now subject to street lighting assessments in Districts where a new assessment is proposed.

The cost of operating and maintaining these lights can be financed by means of a special assessment which can be applied to the benefitted property owners.

We believe that it would be in the public interest to install street lights in the designated area, as requested by the signers of Petition 177-1100, and to provide for their operation and maintenance.

ENGINEER'S REPORT
PETITION 82-601**

On October 30, 2001, the Board of Supervisors of the County of Los Angeles adopted a Resolution Initiating Proceedings for annexation of territory to County Lighting District LLA-1, Unincorporated Zone, pursuant to the Landscaping and Lighting Act of 1972 of the Streets and Highways Code of the State of California for the purpose of providing for the cost of installing, operating, and maintaining 11 street lights within the annexed territory. In addition, Public Works was ordered to prepare and file an Engineer's Report in accordance with Section 22565 et seq. of the Streets and Highways Code. This Report was prepared in response to that directive.

With the passage of Proposition 218 (the Right to Vote on Taxes Act) by the California voters in November 1996, the levy of an assessment is now subject to certain provisions under Article XIID of the California Constitution. This Report conforms with the applicable provisions of Proposition 218.

County Lighting Maintenance District 1687 is an established Street Lighting District and was fully funded from ad valorem property taxes prior to the passage of State Constitutional Amendment XIII-A which limited the maximum amount of ad valorem tax on real property. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passage of this amendment are not sufficient to pay the cost of the street lighting in the District. Therefore, County Lighting District LLA-1 was formed under the Landscaping and Lighting Act of 1972 to provide supplemental funding.

The Landscaping and Lighting Act provide for the assessment of street lighting costs against the benefitted properties within the Lighting District in proportion to the benefits received. A method of distributing the street lighting costs on the basis of land use and utilizing land use data compiled by the County Assessor was approved by the Board of Supervisors on May 22, 1979. A report showing the approved method and the assessment units to be assessed on the various types of lots and parcels is on file in the office of the Board of Supervisors and is made a part hereof by reference.

All of the parcels of real property affected are shown in Appendix "A." These parcels are more particularly described in maps prepared in accordance with Section 327 of the Revenue and Taxation Code which are on file in the office of the County Assessor and are made a part hereof by reference and in the attached diagram.

In accordance with Proposition 218 provisions, parcels within a Lighting District that are owned or used by any Governmental agency are now subject to street lighting assessments in Districts where a new assessment is proposed.

The cost of operating and maintaining these lights can be financed by means of a special assessment which can be applied to the benefitted property owners.

We believe that it would be in the public interest to install street lights in the designated area, as requested by the signers of Petition 82-601, and to provide for their operation and maintenance.

PETITION 21-100**

On August 21, 2001, the Board of Supervisors of the County of Los Angeles adopted a Resolution Initiating Proceedings for annexation of territory to County Lighting District LLA-1, Unincorporated Zone, pursuant to the Landscaping and Lighting Act of 1972 of the Streets and Highways Code of the State of California for the purpose of providing for the cost of installing, operating, and maintaining 24 street lights within the annexed territory. In addition, Public Works was ordered to prepare and file an Engineer's Report in accordance with Section 22565 et seq. of the Streets and Highways Code. This Report was prepared in response to that directive.

With the passage of Proposition 218 (the Right to Vote on Taxes Act) by the California voters in November 1996, the levy of an assessment is now subject to certain provisions under Article XIID of the California Constitution. This Report conforms with the applicable provisions of Proposition 218.

County Lighting Maintenance District 1687 is an established Street Lighting District and was fully funded from ad valorem property taxes prior to the passage of State Constitutional Amendment XIII-A which limited the maximum amount of ad valorem tax on real property. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passage of this amendment are not sufficient to pay the cost of the street lighting in the District. Therefore, County Lighting District LLA-1 was formed under the Landscaping and Lighting Act of 1972 to provide supplemental funding.

The Landscaping and Lighting Act provide for the assessment of street lighting costs against the benefitted properties within the Lighting District in proportion to the benefits received. A method of distributing the street lighting costs on the basis of land use and utilizing land use data compiled by the County Assessor was approved by the Board of Supervisors on May 22, 1979. A report showing the approved method and the assessment units to be assessed on the various types of lots and parcels is on file in the office of the Board of Supervisors and is made a part hereof by reference.

All of the parcels of real property affected are shown in Appendix "A." These parcels are more particularly described in maps prepared in accordance with Section 327 of the Revenue and Taxation Code which are on file in the office of the County Assessor and are made a part hereof by reference and in the attached diagram.

In accordance with Proposition 218 provisions, parcels within a Lighting District that are owned or used by any Governmental agency are now subject to street lighting assessments in Districts where a new assessment is proposed.

The cost of operating and maintaining these lights can be financed by means of a special assessment which can be applied to the benefitted property owners.

We believe that it would be in the public interest to install street lights in the designated area, as requested by the signers of Petition 21-100, and to provide for their operation and maintenance.

DEPARTMENT OF PUBLIC WORKS
ENGINEER'S REPORT
PETITION 25-201**

On February 19, 2002, the Board of Supervisors of the County of Los Angeles adopted a Resolution Initiating Proceedings for annexation of territory to County Lighting District LLA-1, Unincorporated Zone, pursuant to the Landscaping and Lighting Act of 1972 of the Streets and Highways Code of the State of California for the purpose of providing for the cost of installing, operating, and maintaining seven street lights within the annexed territory. In addition, Public Works was ordered to prepare and file an Engineer's Report in accordance with Section 22565 et seq. of the Streets and Highways Code. This Report was prepared in response to that directive.

With the passage of Proposition 218 (the Right to Vote on Taxes Act) by the California voters in November 1996, the levy of an assessment is now subject to certain provisions under Article XIII D of the California Constitution. This Report conforms with the applicable provisions of Proposition 218.

County Lighting Maintenance District 1687 is an established Street Lighting District and was fully funded from ad valorem property taxes prior to the passage of State Constitutional Amendment XIII-A which limited the maximum amount of ad valorem tax on real property. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passage of this amendment are not sufficient to pay the cost of the street lighting in the District. Therefore, County Lighting District LLA-1 was formed under the Landscaping and Lighting Act of 1972 to provide supplemental funding.

The Landscaping and Lighting Act provides for the assessment of street lighting costs against the benefitted properties within the Lighting District in proportion to the benefits received. A method of distributing the street lighting costs on the basis of land use and utilizing land use data compiled by the County Assessor was approved by the Board of Supervisors on May 22, 1979. A report showing the approved method and the assessment units to be assessed on the various types of lots and parcels is on file in the office of the Board of Supervisors and is made a part hereof by reference.

All of the parcels of real property affected are shown in Appendix "A." These parcels are more particularly described in maps prepared in accordance with Section 327 of the Revenue and Taxation Code which are on file in the office of the County Assessor and are made a part hereof by reference and in the attached diagram.

In accordance with Proposition 218 provisions, parcels within a Lighting District that are owned or used by any Governmental agency are now subject to street lighting assessments in Districts where a new assessment is proposed.

The cost of operating and maintaining these lights can be financed by means of a special assessment which can be applied to the benefitted property owners.

We believe that it would be in the public interest to install street lights in the designated area, as requested by the signers of Petition 25-201, and to provide for their operation and maintenance.

NOTICE OF PUBLIC HEARING
TO CONSIDER ANNEXATION TO
COUNTY LIGHTING MAINTENANCE DISTRICT 1687 AND
COUNTY LIGHTING DISTRICT LLA-1, UNINCORPORATED ZONE,
PETITION 108-600**

Notice is hereby given that a public hearing will be held by the Board of Supervisors to consider the annexation of territory to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, Petition 108-600. Said hearing will be held on Tuesday, September 24, 2002, at 9:30 a.m., in the Hearing Room of the Board of Supervisors, Room 381B, Kenneth Hahn Hall of Administration, 500 West Temple Street (corner of Temple Street at Grand Avenue), Los Angeles, California 90012.

This territory is proposed for annexation to the County-administered Lighting Districts to install street lights on Pioneer Boulevard from Slauson Avenue to Rivera Road, in the Whittier area, and to pay for their operation and maintenance. The proposed annual street lighting assessment is \$5 for a single-family home. Vacant lots will not be assessed until the lot is developed. The levy of a new assessment is now subject to property owner approval with the passage of Proposition 218 (approved by California voters in November 1996) which provides for property owners to determine by ballot whether or not they approve of the proposed assessment for this purpose. As required under Proposition 218, assessment ballots will be mailed to all property owners of parcels within the territory proposed for annexation at least 45 days in advance of the public hearing. All assessment ballots must be received by the County before the conclusion of the public hearing. Ballots will be tabulated at the conclusion of the public hearing. The assessment will not be levied and the territory will not be annexed if the weighted majority of the returned ballots submitted are opposed to the increase. The ballots are weighted according to the amount of the street lighting assessment paid by each property owner.

Petition 108-600

In addition to returning the assessment ballots, property owners may file with the Executive Officer of the Board of Supervisors a written protest against the proposed annexation at any time prior to the conclusion of the public hearing. A majority protest will cause abandonment of the proposed annexation.

PETITION 126-78**

Notice is hereby given that a public hearing will be held by the Board of Supervisors to consider the annexation of territory to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, Petition 126-78. Said hearing will be held on Tuesday, September 24, 2002, at 9:30 a.m., in the Hearing Room of the Board of Supervisors, Room 381B, Kenneth Hahn Hall of Administration, 500 West Temple Street (corner of Temple Street at Grand Avenue), Los Angeles, California 90012.

This territory is proposed for annexation to the County-administered Lighting Districts to install street lights on Renwick Road from Rockvale Avenue to Fenimore Avenue, in the Azusa area, and to pay for their operation and maintenance. The proposed annual street lighting assessment is \$5 for a single-family home. Vacant lots will not be assessed until the lot is developed. The levy of a new assessment is now subject to property owner approval with the passage of Proposition 218 (approved by California voters in November 1996) which provides for property owners to determine by ballot whether or not they approve of the proposed assessment for this purpose. As required under Proposition 218, assessment ballots will be mailed to all property owners of parcels within the territory proposed for annexation at least 45 days in advance of the public hearing. All assessment ballots must be received by the County before the conclusion of the public hearing. Ballots will be tabulated at the conclusion of the public hearing. The assessment will not be levied and the territory will not be annexed if the weighted majority of the returned ballots submitted are opposed to the increase. The ballots are weighted according to the amount of the street lighting assessment paid by each property owner.

NOTICE OF PUBLIC HEARING
TO CONSIDER ANNEXATION TO
COUNTY LIGHTING MAINTENANCE DISTRICT 1687 AND
COUNTY LIGHTING DISTRICT LLA-1, UNINCORPORATED ZONE,
PETITION 7-101**

Notice is hereby given that a public hearing will be held by the Board of Supervisors to consider the annexation of territory to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, Petition 7-101. Said hearing will be held on Tuesday, September 24, 2002, at 9:30 a.m., in the Hearing Room of the Board of Supervisors, Room 381B, Kenneth Hahn Hall of Administration, 500 West Temple Street (corner of Temple Street at Grand Avenue), Los Angeles, California 90012.

This territory is proposed for annexation to the County-administered Lighting Districts to install street lights on Chula Street from Armijo Street to Peck Road, in the Monrovia area, and to pay for their operation and maintenance. The proposed annual street lighting assessment is \$5 for a single-family home. Vacant lots will not be assessed until the lot is developed. The levy of a new assessment is now subject to property owner approval with the passage of Proposition 218 (approved by California voters in November 1996) which provides for property owners to determine by ballot whether or not they approve of the proposed assessment for this purpose. As required under Proposition 218, assessment ballots will be mailed to all property owners of parcels within the territory proposed for annexation at least 45 days in advance of the public hearing. All assessment ballots must be received by the County before the conclusion of the public hearing. Ballots will be tabulated at the conclusion of the public hearing. The assessment will not be levied and the territory will not be annexed if the weighted majority of the returned ballots submitted are opposed to the increase. The ballots are weighted according to the amount of the street lighting assessment paid by each property owner.
